

Education

**Bachelor of Science in Product Design,
ArtCenter College of Design, Pasadena, CA**

2019-2023

Projects include:

Lexi Park: Furniture Collection for your Record Collection

Researched vinyl record storage market, interviewed potential users, and designed and built a modular furniture collection that can grow with your record collection

Community Hub

Approached as providing many options for architects/planners as well as user

Modular outdoor system can be transformed for many different environments

Experience

Freelance Cabinetmaker, Oakland CA

2018 - 2019

Design consulted with clients to develop complete kitchen designs from rough drawings, ensuring both aesthetic and practical considerations were incorporated. Supported clients to make decisions they were excited about and within budget.

Maintained consistent communication with vendors and clients around custom orders, samples, and timelines to ensure accuracy and client satisfaction

Built custom cabinets according to design on time.

Woodworking Educator (Freelance), SFG Media Group, LLC, San Francisco, CA

2018

Developed how-to videos for amateur woodworkers; from conception through final product for DIYEverywhere.com

Ideated approachable and appealing woodworking projects like wine racks, laptop cabinets, and sofa armrest sleeves

Designed products, wrote instructional scripts and fabricated projects on camera.

Shop Manager/co-owner, Treasure Island Woodworks. Oakland, CA

2015-2017

Completed comprehensive reorganization of shop layout and processes using LEAN manufacturing principles, resulting in less waste, more efficient processes, improved clarity and collaboration.

Process required long-term observation of existing procedures, and a bottom-up managerial style; listening to cabinetmaker observations and redesigning in response to feedback.

Trained and managed 5 cabinetmakers to create consistent processes to align with standards of shop organization and product quality.

Communicated weekly priorities, project expectations and deliverables internally

Founder/Owner, Plush Cabinets, Oakland, CA

2005- 2015

Managed all aspects of cabinetmaking business, including design consulting with clients, production of shop drawing for approval, fabrication of cabinets, and business operations.
